

Lawnswood roundabout improvement scheme

Find out more and have your say by 19 January 2022.

Our proposals:

- Safer and more attractive for walking and cycling.
- Signalising the junction to improve safety for all users.
- Minimised loss of trees and green spaces.
- New bus and cycle lane on Otley Road, between Lawnswood Cemetery and Weetwood Police Station.

We have revised plans to make improvements at the junction of the A6120 Outer Ring Road and A660 Otley Road in north Leeds. Lawnswood Roundabout is one of the busiest junctions in north Leeds which lacks adequate crossing facilities and is a major barrier for walking and cycling.

The junction also has a poor safety record, ranked third on Leeds's recent Sites for Concern report. Between 2015 and 2019 there were 29 personal injury collisions, with 14 involving cyclists. Seven of these 29 collisions resulted in serious injuries.

You can have your say and read more about the plans here:
<https://lawnswoodroundabout.commonplace.is/>

Feedback closes on **19 January 2022**.
